

An ISO 9001:200 Certified Company

R S Electro Alloys Pvt. Ltd.

INTRODUCTION

2009 was the year when **R S Electro Alloys Pvt. Ltd.** started its commercial voyage with undaunted tenacity to transform ambitions into achievements.

www.rselectro.com

Commercial exploration

has been an innate drive, but attachment of the accountability towards having an appropriate and truthful engagement with customers is deep-rooted in the company's foundation.

Manufacturing, supplying and exporting high-quality and varied Rivets and Electrical Contacts, the company has grown from strength to strength and its journey thus far has been peppered with **experiments, evolution, rise** and recognition.

A stylized world map is shown in a light blue color against a dark blue background. The map is overlaid with a network of glowing white nodes and dotted lines, suggesting global connectivity. A hand is visible at the bottom, holding the map. The overall theme is technology and global vision.

VISION

Our vision encapsulates a proper investment of efforts from us with a definite extraction of involvement from the **customers**.

MISSION & GOAL

Assessment of clients' exact demands has been the real clincher for us. Meeting their expectations is our mission and their utmost satisfaction is our goal.

INFRASTRUCTURE

With a state-of-the-art infra-structural base, the company possesses sprawling premises, spread over 10000 square metre area, in Delhi including a big manufacturing unit with top-of-the-line trappings and best-in-class amenities.

TEAM

A team of dedicated people with superlative technological acumen, specialized skills and complete know-how of **electrical components** is continuously engaged to come up with better and better Rivets and **Electrical Contacts**.

These **Highly motivated team members** are always offer their friendly services to client and extend their help for **better results**.

Amplify experienced technicians and engineers craft the products to denoted and definite **customer-specifications** and more importantly, enable the company provide the most cost-effective and durable **electric-solutions** to its customers.

With an efficient and accurate execution of **inventions, innovations** and plans being its forte, the company, under the comprehensive guidance of **Mr. Rakesh Yadav & Mr. Shekhar Rao**, raises the bar of standards everyday as far as the superiority of its products and their trade is concerned.

PRODUCTS

The range of our products is huge and varied.

- ☐ Metal Button Contacts
- ☐ Side Button Contacts
- ☐ Bi-metal Rivet Contacts
- ☐ Tri-metal Rivet Contacts
- ☐ Brazed Rivets
- ☐ Solid Rivets
- ☐ Silver Alloy Rivets
- ☐ Copper Rivet
- ☐ Iron Rivets
- ☐ Button Contacts
- ☐ Electro-plated Plates

represent extreme utility and reliability.

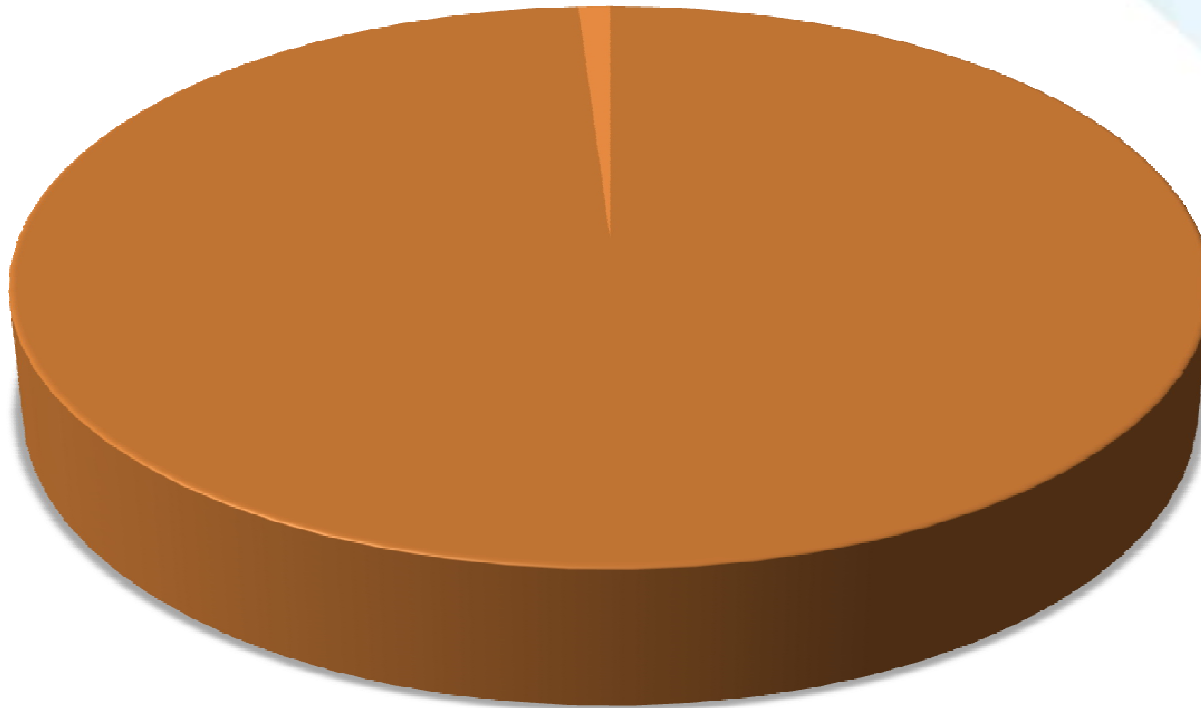

RAW MATERIALS

Raw materials of higher strength and higher quality are used here, like

- ☐ Ag & AgNi (0.15)
- ☐ AgNi & AgFe
- ☐ AgCd & AgCu
- ☐ AgCdO
- ☐ AgZnO
- ☐ Silver Alloy
- ☐ Copper & Iron
- ☐ Electro-plated Silver Plate

Apart from only using **99.99% pure silver**,
we inspect the raw materials with Atomic-absorption Spectrometers to ensure
longevity of the products for as much as **20 year** .

APPLICATIONS

These Rivets and **Electrical Contacts** of optimum tensile strength and different specifications have various applications in **Switches**, Relays, low, medium and high-voltage-Switchgears and Circuit-breakers.

QUALITY-MANAGEMENT

Recognized with an array of certifications like ISO 9001:2000, ISO 9001:2008, RoHS etc., the company follows meticulous and stern quality-management mechanism and control measures to meet various contractual, statutory and regulatory requirements across different stages of manufacturing of different specific products.

We possess all the **manufacturing tools**

which facilitate every requisite technical and **Mechanical detailing**

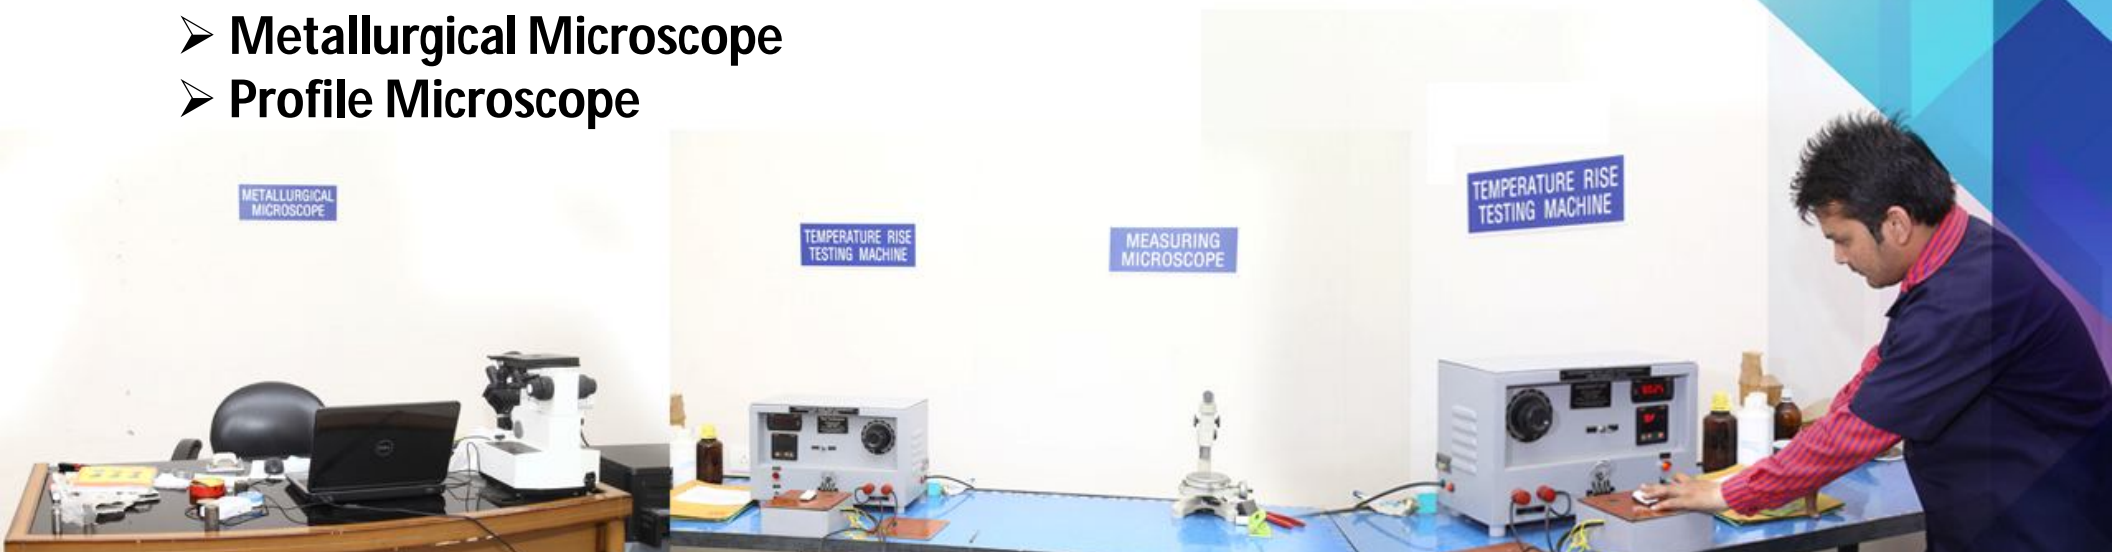

manufacturing intricacy for every Rivet & **Electrical Contact**

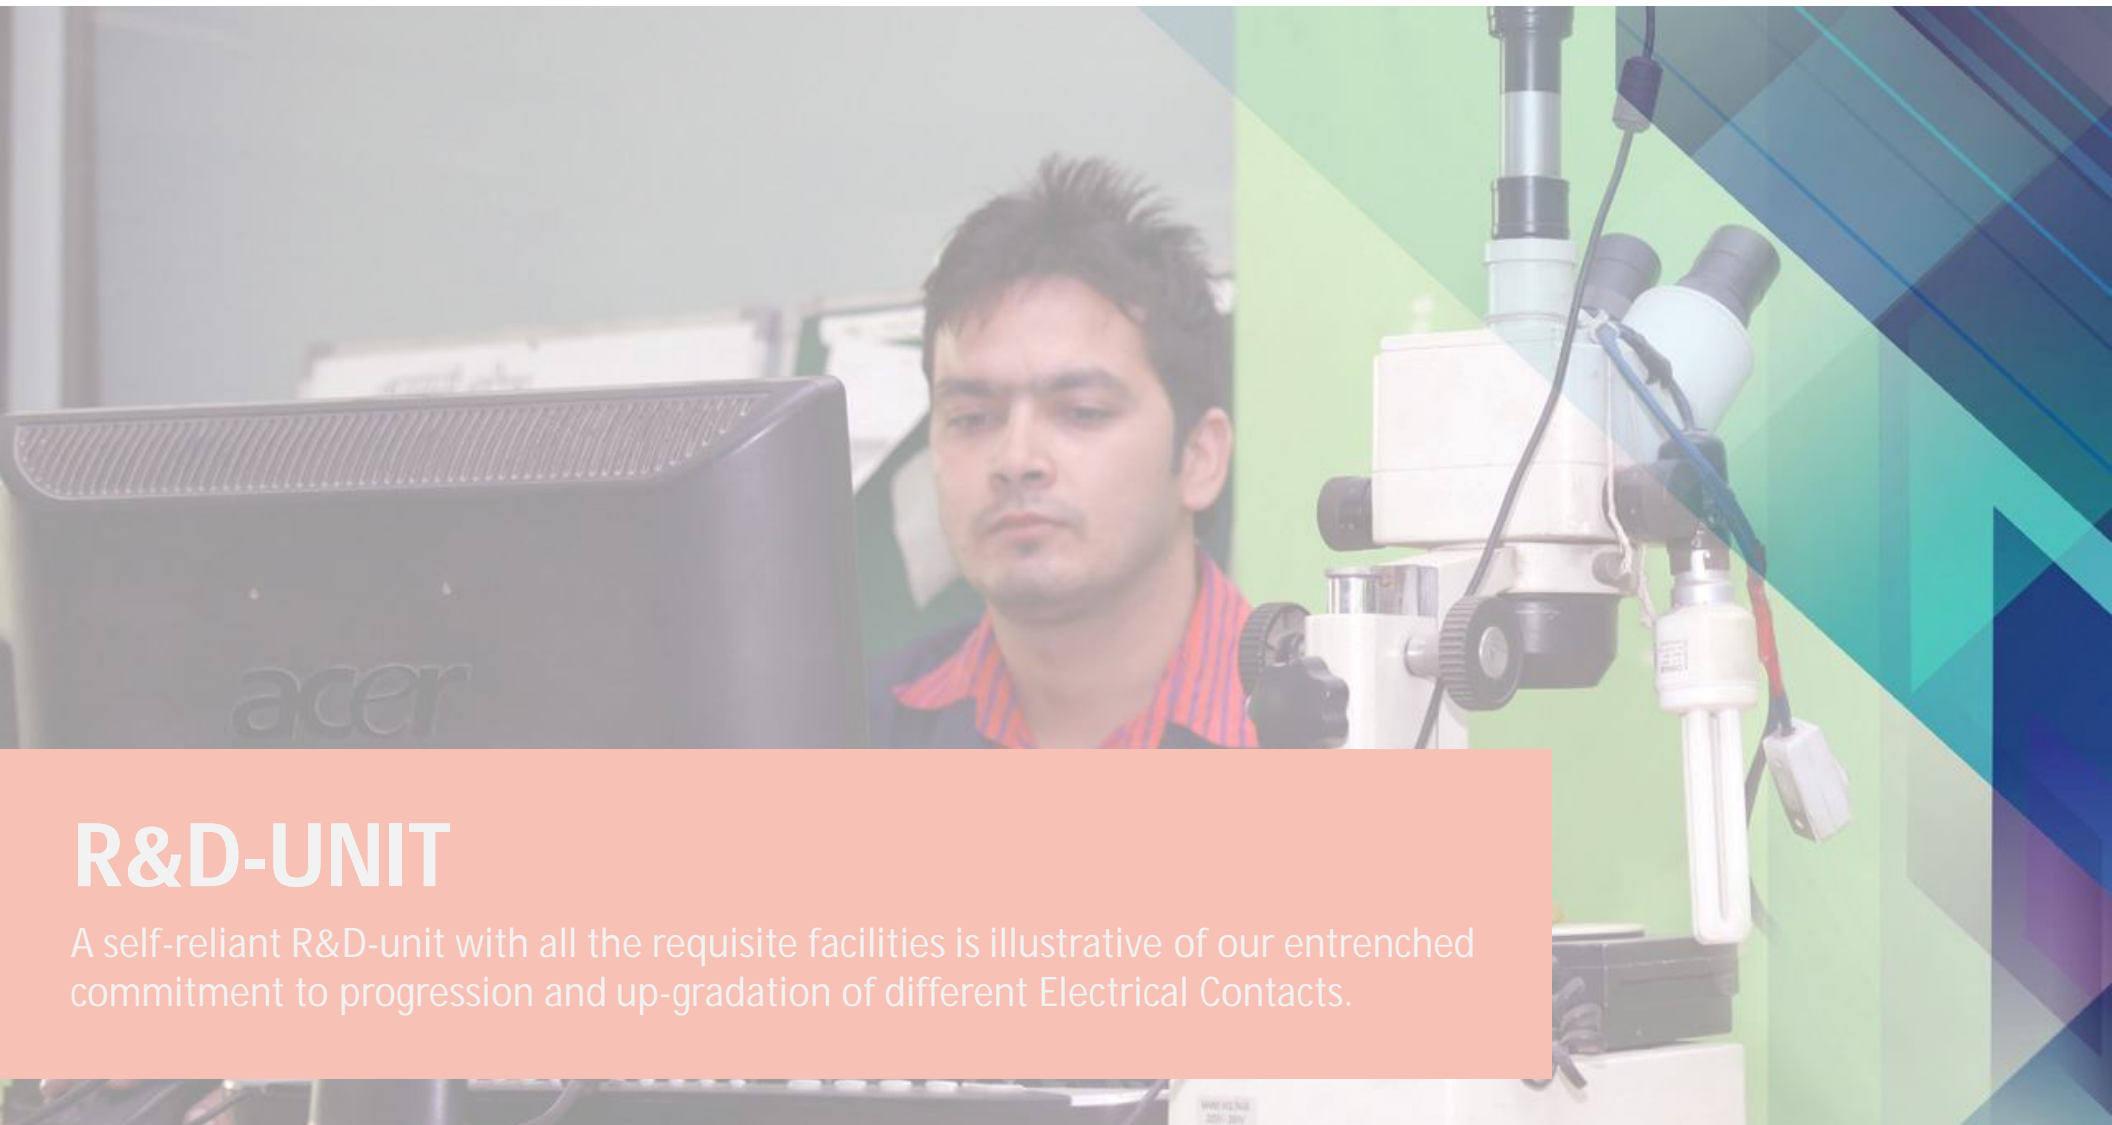

www.rselectro.com

Testing each product for its quality, hardness and endurance using top-in-line machines, like Digital

- Vernier Calliper
- Micrometer
- Hardness Tester
- Metallurgical Microscope
- Profile Microscope

R&D-UNIT

A self-reliant R&D-unit with all the requisite facilities is illustrative of our entrenched commitment to progression and up-gradation of different Electrical Contacts.

STOCK-MANAGEMENT

We have put in place product-wise storage-system which is efficiently monitored by the people who boast expertise in storage of electrical and automobile-related products.

**Well-executed
stock-management
makes instant
product-delivery
seamlessly feasible.**

TIME-BOUND DELIVERY

Timely delivery of products acquiring clients' complete satisfaction is another facet embedded in our system.

EXTENSIVE TRANSPORT-NETWORK

We enjoy an extensive countrywide transport-network facilitating a swift delivery of products to clients scattered in different corners of the country.

CLIENT LIST

We truly possess a domineering and striking list of clients representing different electrical and automobile-sectors.

Jyoti Ltd, Andrewyele & Company Ltd, NIPA International, Gilard Electronics Pvt Ltd, PLA Components, Fuji Electric, ABB, Siemens, Minda, Bajaj and Panasonic and various other clients in Israel, USA, France, Kuwait etc.

Signify our flourishing nationwide market-presence and booming global extent of export.

GLOBAL ASCENT

We are on a success-trail in the domestic sphere lately, but we also have ascended on global scale as the exports have soared high incessantly.

CSR-INITIATIVES

Corporate Social Responsibility bears an elevated place in our organizational structure as we routinely render services under an assortment of initiatives.

POLLUTION **CONTROL MEASURES**

with a proper disposal facility are very much a part of our regular curriculum.

Safety and security equipment and gears of every sort have been fitted properly at the manufacturing facility and different work-areas.

A background image showing a close-up of two people in business suits shaking hands over a desk. The desk has some papers and a pen on it. The image is slightly blurred, focusing on the handshake.

OUR USPS

Long-time commitments to the clients, confidence in our own ability and integrity in the efforts have got us settled in the top echelon of the national industrial arena.

For **R S Electro Alloys Pvt Ltd**, proficiency is the intrinsic character, accomplishment has become a pattern and glory one after another is its real identity.
